

SUTHARSANAM S

Full Stack Developer | Web Developer

Sathyamangalam, Tamil Nadu, India | +91-9360978238 | sutharsanam87@gmail.com | github.com/Sutharsanam07

PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience across four internships in full-stack, web, and Java development. Skilled in building responsive, database-driven applications with React.js and REST APIs. Proven ability to deliver end-to-end projects independently and collaboratively, with a strong foundation in problem-solving and modern development practices.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, HTML, CSS

Frameworks/Libraries: React.js, Node.js, Express.js

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code, Postman, Excel, Tableau

Languages Spoken: Tamil, English, Hindi, Kannada

PROFESSIONAL EXPERIENCE

Full Stack Development Intern — *Future Interns*

June 2026

- Completed hands-on training in front-end and back-end web development.
- Developed responsive web applications using React.js, REST APIs, and database integration.

Web Developer Intern — *Skillcraft Technology*

2025

- Built responsive websites following a mobile-first design approach.
- Improved user experience by ensuring cross-browser compatibility and consistent layouts.

Java Developer Intern — *TechOctanet Services Pvt. Ltd.*

2024

- Developed an ATM Simulation System in Java using core Object-Oriented Programming concepts.
- Implemented banking operations including deposit, withdrawal, balance enquiry, and exception handling.

Web Developer Intern — *Mogora Infotech*

2023

- Contributed to web development projects, supporting front-end build-out and feature implementation.

PROJECTS

PC Doctors Hub | On-Demand Device Repair Platform

- Developed a full-stack platform connecting customers with verified device repair technicians.
- Implemented service booking, technician management, and responsive user interfaces using modern web technologies.

Farm Connect | Agricultural E-Commerce Platform

- Built a marketplace enabling farmers to sell products directly to buyers, cutting out intermediaries.
- Improved transparency and trust in agricultural trading through direct buyer-seller transactions.

Polling Survey Application

- Created an interactive web application for conducting online polls with image-based voting options.
- Implemented real-time result visualization for live poll outcomes.

EDUCATION

B.E., Computer Science Engineering — SNS College of Technology

CGPA: 8.19

HSC — The NEST School Matriculation Higher Secondary School

Percentage: 86%

CERTIFICATIONS

- Microsoft Azure AI Fundamentals (AI-900)
- NPTEL — Programming in Java
- NPTEL — Privacy and Security in Online Social Media
- PrepInsta — Web Development & Programming
- Infosys Springboard — Technology & Professional Development
